soluzioni ad alta tecnologia

TECHPARK SÜDTIROL / ALTO ADIGE

Mission

Our goal is to make parking human proof

No more long waiting time

No need to search for a free spot

Reduce the carbon footprint!

Wow!

TECHPARK SÜDTIROL / ALTO ADIGE

Project

Our product is a mobile application that shows the number of free parking in South Tyrol cities.

The real AIM

Develop a data-visualization mobile app to show charts and data information related to marks on the map.

oof, GeoGraphix makes sense now

Infrastructure

Front-end

- React Native
- Google Maps

Back-end

- NodeJS
- Express
- SQLite
- OpenDataHub
